

Joreen Arigye

701 W Stadium Ave, West Lafayette, IN
jarigye@purdue.edu • jarigye.github.io

Education

Ph.D., Engineering Education

Purdue University, 2021–

Dissertation: Exploring computational modeling and simulation
reflections of undergraduate engineering students

M.S., Information Technology

Carnegie Mellon University Africa, 2018

(software engineering and data science)

B.S., Software Engineering

Makerere University, 2014

Journal Publications

Honors and Awards

- Best Poster, Collaborative Network for Engineering and Computing Diversity Conference 2024
- Second Place, Facebook (Meta) and CMU Africa Cybersecurity Hackathon 2018
- Mandela Institute for Development Studies Scholarship Award for masters at CMU-Africa 2017
- National Merit Sponsorship Award for undergraduate at Makerere University 2010

Teaching Experience

- ENE 506: Content, Assessment, and Pedagogy (Spring 2024) Faculty Apprentice
- ME 597: IoT for Smart Manufacturing, Intro to Google Colab (Spring 2023) Guest Instructor
- Python for the Future, Gifted Education Research Institute (Summer 2023) Python Instructor
- Server-side Development, Clarke International University (Nov 2019 - Jul 2021) NodeJS Instructor
- Intro to Git and GitHub, LaunchLab at Stellenbosch University (Jul 2021) Workshop Facilitator
- Intro to Data Science on Youtube, Upskill, Innovation Village (Mar 2020) Workshop Facilitator
- 18-641: Design Patterns for Smartphone Devt, CMU Africa (Fall 2018) Graduate Teaching Assistant

Research Experience

- **Graduate Research Assistant**, Purdue University Aug 2021 - Present

In the ROCKETED and ELO labs, I conducted literature reviews, designed and executed experimental studies, and managed data collection and analysis. Collaborated with team on proposals, abstracts, and manuscripts, contributing to multiple publications and presentations. Additionally, I mentored undergraduate students in research methods and data analysis, enhancing their academic growth and engagement in the research process.

- **Independent Study**, CMU Africa and UMEME Aug 2018 - Dec 2018

A study on UMEME's organisational capability maturity level. This study assessed UMEME's readiness to become a data-driven organization by examining its internal systems, databases, and their interactions. This exploration clarified the data flow structure, providing essential baseline knowledge for the company's data-driven transformation.

Industry Experience

- **Software Engineer**, Software & Application Innovation Lab, Boston University May - Jul 2023

Developed a Docker pipeline for the deployment of SPICE-based simulator PACT and Visual PACT and developed a Python pipeline to enhance the accessibility of large SAS data for School of Medicine.

- **Data Analyst**, Fenix International (Now Engie Energy Access) Feb 2019 - Jul 2021

Managed the analytics database scripting needs for business reporting. Conducted team training to boost data analysis capacity, gathered A/B testing requirements, and designed experiments. Oversaw the maintenance of machine learning models, ensuring data-driven business interventions.

- **Data Fellow**, Fenix International (Now Engie Energy Access) May 2018 - Jul 2018

Performed experimentation and analytics for solar loan repayment interventions.

- **Administrative Assistant**, Carnegie Mellon University Africa Sep 2017 - Jun 2018

Conducted surveys and polls to understand student needs, assisted the student services officer in coordinating events such as cultural nights, sports days, and lecture series, and developed targeted marketing materials to promote these activities.

- **Business Process Analyst**, UMEME Apr 2021 - Aug 2021

Coordinated the successful implementation of a company-wide off-the-shelf HR system for a workforce of over 1000 employees. Provided support in identifying, designing, and executing business process re-engineering initiatives to enhance overall efficiency.

- **System's Developer**, InfoTronics Business Systems Oct 2016 - Jun 2017

Developed three information systems for data capture and business reporting, involving requirements elicitation and comprehensive testing. Executed data input, cleaning, and analysis based on client specifications. Additionally, provided client training on system usage.

- **Supply Chain Management Apprentice**, Medical Access Uganda Limited Dec 2014 - Sep 2016

Coordinated implementation and testing of the company's information system with contractors, analyzed data for monitoring and evaluation, managed business process review for ISO certification, supported procurement and distribution of ARVs to health centers in Uganda, and ran a help desk providing IT support including installation, maintenance, and troubleshooting.

- **Software Engineering Intern**, Uganda Revenue Authority May 2013 - Aug 2013

Developed a windows web service as part of the company's integration process.

Professional Development

- What Works Hub for Global Education, Annual Conference Sept 2024
- AI Workshop, Purdue Digital Agriculture Aug 2024
- Transforming Engineering Education Symposium by MIT, Harvard and Alborg June 2023
- Equip Training UK Certificate, Level 3 Certificate in Education and Training Feb 2021
- Mandela Institute for Development Studies, Certificate in Leadership Training 2017/2020
- Transform Africa Summit, Kigali Rwanda 2018
- Lecture on fundamentals of oil and gas exploration and production, Total 2013

Invited Talks

- “Research or Professional path”, Women in Tech, CMU Africa Nov 2021
- “Getting the workforce ready for data science opportunities”, DataFest Africa Apr 2021
- “Data science in industry”, Pyladies Kampala, Outbox Nov 2020
- “Leveraging ML in energy”, Women in Machine Learning & Data Science Jan 2020
- Panelist, Resources, skills, challenges in data analytics, African Women in Tech Feb 2020
- Panelist and Judge, Educating The Children Sept 2019 & Dec 2020
- “How to be deliberate about gaining technical skills”, Coding Girls, Cavendish University Aug 2019
- Data Science for health session, Data science in Africa workshop, Pulse Lab Kampala Aug 2016

Leadership and Professional Membership

- Graduate Student Representative, Engineering Education Student Association 2023/2024
- Vice President Membership, Techy Talkers Toastmasters, CMU Africa 2017/2018
- Communication Chair, NSBE Graduate Committee 2023
- Technical Advisor and Cofounder, AnJ Data Management Solutions Ltd 2021/2022
- Advisory board member, Code Queen under Educating the Children, Uganda 2019
- Member, Black Graduate Student Association
- Member, Society of Women Engineers
- Member, Maryhill high school old girls, Girl Child Education Fund
- Member, Engineering Education Research in Africa
- Education Advisory, Island of Hope (Non-profit for climate advocacy)

Travel Awards

- GradTrack Mentor Award, Purdue Graduate Engineering Fall 2024
- Travel Award to recruit at NSBE, Purdue Graduate Engineering Mar 2024
- Travel Award to present poster, CONECD Feb 2024
- Travel Award to present at conference, Graduate Women in Engineering Feb 2024

Community Service

- Journal Reviewer, Education and Information Technologies
- Mentor for undergraduates and graduate students
- Featured as change maker Spotlight, MINDS Africa 2023
- Social Media Feature, Fenix(Engie), Women's day campaign on inspiring women into Tech 2020
- Volunteer, Conservation Effort for Community Devt, Youth Advocacy & Environment 2009/2010
- Volunteer, Kakukuru Primary School, Community Service teaching Maths & Science 2009/2010
